PROFESSIONAL SUMMARY

As a newly minted software engineer, my passion for software development is complemented by a strong foundation in graphic and UI design. I am eager to immerse myself in a graduate program that fosters growth and provides hands-on experience within the tech industry. My focused dedication to mastering contemporary technologies over the years has honed my ability to foster innovation in team-driven projects. Equipped with a problem-solving mindset and adaptability, I excel in challenging environments and am enthusiastic about embracing cutting-edge technologies. I am keen to join a team that upholds these principles and is dedicated to delivering high-quality solutions.

PROJECT

PET SITTER SITE - PETPALS
Mar. 2023 | Sydney, NSW

https://mellifluous-dieff.netlify.app

- Built a full-stack web application using React(front-end), JavaScript, Node.js and Express(back-end)
- Implemented a MongoDB database to manage pet sitter profiles, ensuring reliable data management
- Designed and developed a user-friendly, responsive frontend using React, MUI, and CSS
- Tested backend routers to ensure that data was being accessed and stored correctly
- Utilized Git and GitHub for source control, managing version control for the codebase

TERMINAL APPLICATION
Jun. 2022 | Sydney, NSW

https://github.com/ericayin-xyz/Python_Rock-Paper-Scissors

- Developed a game with two modes: single-player vs computer and two-player mode
- Command-line interface for easy interaction
- Displayed ASCII art characters in the terminal-based application to provide a unique visual component
- Provided a user-friendly interface for inputting command-line options
- Incorporated error handling and exception handling

PORTFOLIO WEBSITE TEMPLATE
May. 2022 | Sydney, NSW

https://ericayin-xyz.github.io

- Built using HTML and CSS
- Implemented animation and transitions with CSS
- Built with the mobile first approach
- Responsive design for optimal viewing on multiple devices
- Cross-browser compatibility
- Implemented CSS preprocessors - SASS
- Utilized Git for version control

SANPOMEN, A JAPANESE RAMEN
Sydney, NSW

GRAPHIC DESIGNER (FREELANCE)
Mar. 2020 – Aug. 2020

- Assist with the creation of website graphics and UI mock-ups to present a realisticmodel of the webpage
- Carefully considered composition and elements, such as font sizes/styles, spacing, and colour combination, for various digital marketing collaterals used for ads, websites and social media platforms
- Communicated with the client to discuss the design brief, clarify overall project objectives, and provide sound advice on design styles and formats aligned with the client's needs

EXPERIENCE

VISION PROPERTY INVESTMENT GROUP
Canberra, ACT

GRAPHIC DESIGNER
Nov. 2020 – Feb. 2022

- Maintain the company's brand aesthetics by providing design and artwork services for branding, advertisements, social media, and events and marketing materials
- Demonstrate strong attention to detail and ability to prioritise within multi-project, cross-functional environments

AUSUCCESS MIGRATION AND EDUCATION
Sydney, NSW

GRAPHIC DESIGNER
Apr. 2019 – Oct. 2020

- Worked closely with the Marketing team on design projects, from planning through production, ensuring all design projects were progressing as per set deadline, scope and budget
- Designed a wide range of digital collateral for website and social media accounts
